Dear members, as we all subscribe to the custom that the relationship between the Bar and the Bench is an essential element of our legal system; this relationship is built on mutual respect. The SRB Tribunal has duly recognised this custom by allotting this Bar Room; we have to ensure that our Tax Bar Room cultivates the environment of collegiality where not only junior practitioners interact with seniors and gain but also the judges prefer to make it's members as it's Amicus Curiae.

We are incredibly proud of this accomplishment and pray that may this Bar room also becomes the hub of literary interactions and reinforce our continual growth in the Bar and the Bench relationship.

As a Tax Professional and as a Member of Karachi Tax Bar, we shall have to ensure that the bar room is utilized strictly in accordance with the protocols of the SRB Tribunal.

Regards,

(Syed Zafar Ahmed)
